Something has been awakened. And it's only the beginning.

#MAGACommunism is taking the internet by storm, and it isn't going anywhere. Everyone bearing witness to this phenomena appears puzzled. How can MAGA and COMMUNISM be united? For one is *clearly far-right*, and the other *far-left*.

Perhaps it's like the *syncretic*, third position politics of fascism, like National Bolshevism? That, of course, assumes the proper significance of a *political spectrum*.

All political analysts, ideologists, thinkers, and 'political content creators' since the incipient populist era of the 2010s have hitherto used, as a heuristic tool to navigate Euro-American politics – some kind of 'political spectrum.'

# The Political Spectrum

All political strategy begins, as an almost axiomatic premise, with an understanding of 'right-wing' and 'left-wing' forces. Thus, one often gets views as the following:

- *Should we vote for Biden? It depends, can we push him left? He is more to the left than Trump...*

- *Voters in America didn't like Bernie, because he was too far to the left, and Americans are currently very right wing.*
- *How can Nazism come from the Democrats? The Democrats are not as right wing as the Republicans, and Nazism is far right.*

Of course, this neglects to explain how supposedly 'right wing' forces appear to outflank leftists all the time, assuming positions, *successfully at that*, that appear to be associated with the extreme-left, like the *unconditional anti-interventionism* espoused by figures like Ron Paul, or the discourse against free market neoliberalism associated with the nascent 2016 Trump campaign.

The contrary is also true. If Breitbart were to release an article expressing a favorable view of eugenics, it would be derided as a form of far-right Nazism. But if MSNBC were to release that same piece, attempting to rehabilitate it from the perspective of climate change, it would pass under the radar of 'leftists' without question. Such unthinkable scenarios happen all the time. The Western Left *routinely* defends arming Ukrainian Neo-Nazis (i.e. as in, *some don't even deny they are Nazis*, but defend arming them anyway) with high-grade military equipment, as the lesser of two evils in the face of Russia.

Yet it still remains an article of faith that the *force* animating, driving, and defining politics – is derived from some continuum, pendulum, or tug-of-war represented in the form of the *political spectrum*. For most liberals – in whom, after all, the political spectrum as a heuristic device *has its origins* (i.e. basing itself in formalistic idealism) Nazism is the primary metaphysical force.

JEWRY IS THE MOTHER OF MARXISM

REPLY

“Anti-Communism is anti-Semitism.”

~ Jewish Voice, July ~ August 1941.

### COMMUNISM AND CENTRAL BANKING

This may seem strange. What can there be in common between Communism and the largest banks? Ho-ho! The Communism of Marx seeks an enormous centralization of the state, and where such exists, there must inevitably be a central state bank, and where such a bank exists, the parasitic Jewish nation, which profiteers from the labour of others, will always find a way to prevail. In reality, for the proletariat, this would be a barrack regime, under which the working men and the working women, converted into a uniform mass, would rise, fall asleep, work, and live at the beat of the drum.” ~ Bakunin (1814-1876)

Marxism, to which all branches of Socialism necessarily adhere, was originated by Jew Karl Marx, himself of rabbinical descent and has been dominated by them from the beginning. Marx did not actually originate anything; he merely “streamlined” Talmudism for Gentile consumption.

This list suggests there was nothing ‘Russian’ about the ‘Russian Revolution’, yet this fact is mostly obscured by contemporary historians.
